=== UMC NEWSBLAST ===

UMC Core Values

UMC's "STAR Performance" Core Values ([Safety](#), [Teamwork](#), [Accountability](#), [Respect](#), [Performance](#)) truly reflect our culture and are instrumental in the achievement of our goals.

→ This month's STAR Performer:

Audie Wallace demonstrates our core values of Teamwork and Performance in his willingness to carry a large workload including several Special Projects - all done with a positive, "can do" attitude. Congratulations on a job well done!

Ring the Bell – Three Times!!!

The [Century Tower](#) Project was awarded to UMC by Mortensen Construction on 2/23. This design/build project consists of the construction of a 33-story, 387,096 sq. ft. mixed-use building located in downtown Seattle. Congratulations to **Maria Boyer, David Malone, Max Harshman, Brett Endres, Ted Granston and the Estimating Department** on all the hard work they put into bringing this project in.

UMC was awarded the [Overlake Hospital Demolition](#), which is phase 1 of a much larger goal of ours, the construction of the 7-story Overlake Hospital Tower Expansion. Congratulations to **Dean Petterson, Audie Wallace, Matt Mifflin, Brett Endres, Pat Monahan and Jim Carlson** for getting us off to a great start with this project.

The [Space Needle](#) Project was awarded to UMC by R. Miller Construction and was brought in by Audie Wallace.

A UMC Welcome!

We are very pleased to extend a hearty welcome to our new Project Executive, **Tom Boysen**. Tom comes to us with 13 years of extensive experience in mechanical project and operations management and design engineering. Tom brings his skills to the UMC workforce as of 2/21. Please take a minute to introduce yourself and welcome Tom to the UMC Team.

UMC Logo

It is critical that we maintain consistency in our use of the UMC logo both within our UMC walls and even more so out in public. If you wish to use our logo on any item at all, please make sure you review the piece with Lise Van Deusen before releasing it for use. Thanks!

Quotable Leader

Safety Tip

Water Heater know how's:

- Set hot water heater temperature below 120° F.
- Flush hot water heater through drain valve at least once a year to remove sediment build-up.
- Test safety relief valve once a year to ensure proper operation.
- Keep area around hot water heater, clean and free of combustible and flammable material.
- When leaving for vacation, set hot water heater temperature at its lowest setting.
